WHY THIS DEAL

- 1

Turnkey Operation
7 furnished cottages with active listings, reviews, and booking history. No construction, no lease-up. Income starts at closing.
- 2

STR Licenses In Place
Active STR permits are increasingly difficult to obtain. These grandfathered licenses are a significant competitive moat and add intrinsic value.
- 3

9.1% Cap Rate
Strong cash-on-cash return from year one. STR income significantly outperforms long-term rental yields in this market.
- 4

Cottage Compound Premium
The cottage compound format is the #1 STR product type in beach markets. Guests pay a premium for the charm and community feel.
- 5

Revenue Optimization
Professional dynamic pricing and listing optimization can increase revenue 15-25% from current levels with minimal capital investment.
- 6

Dual Exit Strategy
Hold for cash flow or sell as a turnkey STR portfolio at a premium. STR portfolios with proven income trade at 20-30% above traditional multifamily.

OPTIMIZATION PLAN

- 7 cottages with refreshed coastal decor
- Professional photography and virtual tours
- Dynamic pricing software implementation
- Multi-platform listing (Airbnb, VRBO, direct)
- Automated guest communication
- Smart home technology in all units
- Pool area enhancement and lighting
- Outdoor lounge and BBQ area upgrade
- Branded direct booking website
- Guest experience amenity packages
- Maintenance schedule and vendor contracts
- Monthly performance reporting dashboard

DUE DILIGENCE CHECKLIST

- Verify STR license transferability
- Review 24-month booking and revenue history
- Inspect all 7 cottages (structural + cosmetic)
- Confirm HOA/community STR restrictions
- Review guest reviews and ratings
- Verify insurance costs and coverage
- Confirm property management contract terms
- Title search & survey
