WHY THIS DEAL

1

Barrier Island Scarcity

Multi-family properties on Treasure Island are extremely limited — high demand, low supply.

2

Strong Rental Demand

Year-round tenants and seasonal visitors drive occupancy above 95% on barrier islands.

3

RM Zoning Flexibility

Multi-family zoning allows conversion to higher unit count or short-term rental use.

4

Value-Add Renovation

\$175K renovation creates immediate equity and commands top-of-market rents post-reno.

5

Dual Income Strategy

Blend long-term and short-term rentals to optimize income across seasons.

6

Appreciation Upside

Barrier island properties appreciate 6-10% annually with limited new supply pipeline.
