SITE HIGHLIGHTS

- 80 feet of deep water frontage — accommodates sailboats and larger vessels
- Corner lot provides dual street access, enhanced privacy, and flexible site planning
- N. Redington Beach is a quiet, low-density community on the Pinellas barrier islands
- Direct Intracoastal access to the Gulf of Mexico with no fixed bridges
- Waterfront lots with deep water access are the most sought-after in the beach market

DEEP WATER ADVANTAGE

Deep water frontage is the gold standard for waterfront properties. The ability to dock sailboats and larger vessels dramatically increases the buyer pool and commands premium pricing over shallow-water lots.

RETURN SUMMARY

Projected gross profit of ~\$460K representing a ~30% return on total capital. Deep water waterfront homes in N. Redington Beach consistently sell above \$2M with strong buyer demand.

WHY THIS DEAL

1

Deep Water Access

80ft of sailboat-depth frontage — the most premium waterfront feature on the barrier islands.

2

Corner Lot

Dual street frontage provides design flexibility, better views, and enhanced privacy.

3

No Fixed Bridges

Direct ICW-to-Gulf access without height restrictions — a major selling point for boaters.

4

Below Market Basis

At \$895K, the land cost is well below comparable waterfront lots in adjacent communities.

EXIT STRATEGY

- Build a 2,500-3,200 SF waterfront home with private dock targeting \$2M sale
- Alternative: Hold as luxury waterfront rental generating \$60K-\$90K/yr
- Lot flip potential: Sell improved lot with permits to a builder at \$1.1M-\$1.2M
