UPSIDE SCENARIO

Premium waterfront new-construction in Treasure Island is trading above \$600/SF. A well-appointed 2,400 SF home with modern coastal finishes, rooftop deck, and private dock could command \$1.5M+, pushing net profit above \$100K with significant equity creation.

KEY INVESTMENT DRIVERS

1

Scarce Waterfront Land

Buildable waterfront lots on Treasure Island's barrier island are extremely rare — this is a diminishing asset class with increasing demand.

2

Proven Exit Market

New-construction waterfront homes on TI consistently sell above \$1.3M. Strong buyer pool of retirees, second-home buyers, and investors.

3

Direct Boat Access

ICW frontage with boat access is a premium feature that commands top dollar. Private dock potential adds significant value.

4

Paradise Island Premium

One of Treasure Island's most desirable micro-neighborhoods. Quiet, exclusive, and surrounded by high-value waterfront homes.

EXIT STRATEGY

- Primary: Build a 2,400 SF luxury coastal home and sell at \$1.4M–\$1.5M
- Alternative: Hold the lot for appreciation — waterfront land values trending up 8–12% annually
- Alternative: Sell to a custom builder at a premium over acquisition
