Deep-water waterfront lots with dock potential command a 15–25% premium over standard canal-front properties. A finished home with private dock in Yacht Club Estates could exceed \$1.85M, generating \$87K+ in net profit with significant equity upside.

KEY INVESTMENT DRIVERS

1

Premier TI Neighborhood

Yacht Club Estates is consistently the highest-valued waterfront neighborhood on Treasure Island. Name recognition drives premium pricing.

2

Deep Water Dock

Deep water frontage supports larger vessels — a feature that attracts high-net-worth boaters willing to pay top dollar.

3

Oversized Lot

At 8,500 SF, this lot accommodates a larger home footprint with pool, outdoor living, and dock — maximizing exit value.

4

Supply Constraint

No new waterfront lots are being created. As existing homes age, teardown-to-new-build demand continues to grow in this submarket.

EXIT STRATEGY

- Primary: Build a 2,800 SF luxury waterfront home with dock and sell at \$1.7M–\$1.85M
- Alternative: Sell the lot to a custom builder at a premium — deep water lots are in high demand
- Alternative: Hold for appreciation — waterfront land in Yacht Club Estates appreciates 10%+ annually
