INVESTMENT THESIS

Charming beach cottage with original character just one block from the Gulf. At \$525K, the value is in the location — a full renovation transforms this into an \$850K modern beach home or high-performing STR. The 62% ROI potential makes this one of the strongest flip opportunities on TI.

LOCATION HIGHLIGHTS

- One block to Gulf beach — premium walkability that drives both resale and STR demand
- Isle of Palms section — quiet, residential character with strong neighborhood identity
- Original cottage character appeals to buyers seeking authentic beach home charm

VALUE-ADD OPPORTUNITY

At \$525K, this cottage is priced for its current condition — not its location potential. A \$120K renovation budget transforms it into a modern coastal home that competes with \$850K–\$900K comps. The spread between acquisition + reno and exit price creates a compelling risk-adjusted return.

Why This Deal

DEAL #64 — ISLE OF PALMS COTTAGE

KEY INVESTMENT DRIVERS

1

Block-to-Beach Location

One block from the Gulf. This proximity is the single biggest value driver — buyers and renters pay premium for walkable beach access.

2

Strong Renovation Spread

\$525K acquisition + \$120K reno = \$645K all-in vs. \$850K exit. Over \$100K in projected profit with 62% ROI on invested capital.

3

Original Character

Charming cottage bones that can be preserved through renovation — buyers love the authentic beach home aesthetic with modern upgrades.

4

STR Backup Plan

If the resale market softens, a renovated cottage one block from the beach generates \$60K–\$80K in annual STR revenue.

EXIT STRATEGY

- Primary: Full renovation and resale at \$850K — 6-month timeline, \$106K+ net profit
- Alternative: Renovate and operate as STR — \$60K–\$80K annual gross revenue
- Alternative: Hold as long-term rental — \$2,800–\$3,200/month in this location
