INVESTMENT THESIS

ICW waterfront 3/2 in Indian Rocks Beach with an existing dock and walkable beach access — the rare combination of waterfront living with Gulf proximity. At \$1.1M, this is positioned for a hold strategy targeting \$1.4M exit through light updates and natural appreciation in one of Pinellas County's most desirable beach towns.

LOCATION HIGHLIGHTS

- ICW waterfront with private dock — boat access to Tampa Bay and Gulf of Mexico
- Walk to Gulf beach — dual water lifestyle (ICW + Gulf) is rare and highly valued
- Indian Rocks Beach — charming, low-density beach community with strong demand
- No high-rises, no commercial density — IRB's character drives premium pricing

DUAL WATER PREMIUM

Properties that combine ICW waterfront with walkable Gulf beach access trade at a 20–30% premium over inland IRB homes. This dual-water lifestyle is the ultimate selling point — and it's nearly impossible to replicate as no new barrier island land exists.

KEY INVESTMENT DRIVERS

1

Dual Water Access

ICW waterfront with dock PLUS walkable Gulf beach — the most sought-after combination in Pinellas County coastal real estate.

2

Indian Rocks Beach

IRB is one of the Gulf Coast's most charming communities — low density, no high-rises, and a loyal buyer pool that pays premium.

3

Existing Dock

Private dock already in place — saves \$40K–\$60K in construction and permitting. Immediate boating lifestyle for the end buyer.

4

Low-Risk Hold

Light updates only — no heavy construction risk. Natural appreciation and market demand drive the exit value to \$1.4M within 12–18 months.

EXIT STRATEGY

- Primary: Light cosmetic updates and hold for 12–18 months, exit at \$1.4M
- Alternative: Lease at \$5,500–\$6,500/month while holding for appreciation
- Alternative: STR operation — waterfront + walk-to-beach commands \$350–\$500/night
