INVESTMENT THESIS

Gulf-front 2/2 condo on Indian Rocks Beach at \$495K — one of the lowest entry points for direct beach access in Pinellas County. Strong STR income potential with \$250–\$400/night rates, plus appreciation upside to \$650K as IRB beachfront condo inventory tightens. Low maintenance, high cash flow.

LOCATION HIGHLIGHTS

- Gulf-front position — direct beach access and unobstructed sunset views
- Gulf Blvd, Indian Rocks Beach — prime STR corridor with proven rental demand
- IRB's charm and low-rise character attract repeat vacationers year-round
- Strong year-round occupancy — peak season (Jan–Apr) + summer tourism

INCOME + APPRECIATION

This is a dual-return play: \$44K net annual cash flow from STR operations PLUS \$155K in potential appreciation over 12–24 months. Total return could exceed \$200K on a \$535K investment — a compelling risk-adjusted return for a passive beach condo asset.

KEY INVESTMENT DRIVERS

1

Gulf-Front Position

Direct beach access and sunset views — Gulf-front condos earn 30–40% more in STR revenue than units even one block back.

2

Low Entry Point

At \$495K, this is one of the most affordable Gulf-front entries in Pinellas County. Below replacement cost for beachfront access.

3

Passive Cash Flow

With property management, this is a hands-off asset generating \$44K+ net annually. True passive income with beach asset appreciation.

4

Proven STR Market

IRB Gulf Blvd condos have documented STR track records. This isn't speculative — the rental demand is established and year-round.

EXIT STRATEGY

- Primary: Operate as STR, generate \$44K+ net annually, sell at \$650K in 12–24 months
- Alternative: Furnish and sell turnkey to an STR investor at \$600K–\$650K
- Alternative: Long-term lease at \$2,800–\$3,200/month for stable cash flow
